Subject: SB 59

Committee on Natural Resources, Tourism and Outdoor Recreation
Michigan House of Representatives

Subject: 2nd Amendment Bill SB 59

Thank you for your service to our community.

Recently our Michigan State Senate approved SB 59 by a vote of 27 to 11. This bill will allow for Michigan CPL holders to gain additional training to become exempt from Pistol Free Zones (PFZ). The bill has been referred to your committee for review and I request that each of you support the timely passing of SB 59 in to law.

Criminals do not respect the concept of pistol free zones (PFZ). The mass murder shootings which have occurred over this past year around our country have occurred in PFZ's. The criminals seek out defenseless victims in schools, church's, theaters etc. because they understand that law abiding citizens can not defend themselves in these locations.

Please vote yes to pass SB 59 and empower all highly trained CPL holders to be exempt from the PFZ's.

Sincerely,

Daniel Granowicz

Subject: Senate Bill 59

Committee on Natural Resources, Tourism and Outdoor Recreation Michigan House of Representatives

Thank you for your service to our State.

The Michigan State Senate recently passed Senate Bill 59. This bill will allow licensed CPL holders in Michigan with advanced training to be exempt from pistol free zones.

History shows that the vast majority of mass murders in our country have been in pistol free zones. Criminals perform their evil deeds where they have no resistance. Also, for licensed individual who frequent pistol free zones, there is a constant disarming that takes place.. Every time we enter a pistol free zone we need to secure our firearm in our locked vehicle. This increases the amount of times our firearm is handled instead of holstered everyday.

This bill has been forwarded to your committee for review and I encourage each of you to vote yes to pass SB 59. Allow highly trained, licensed individuals the ability to protect themselves and their loved ones in pistol free zones.

Sincerely,

Kelly bird

Subject: Concerned Citizen About SB59

Mr. Mead/ Mr. Foster (Chair of Natural Resources, Tourism and Outdoor Recreation Committee) –

As a victim of handgun violence, I obviously have strong feelings about them. I concede that in our free society, guns are allowed to be owned by citizens. When I'm at a sporting event, public library or worshipping in my church, I'd like to at least feel that guns are not present. Please keep these areas and others as gun free zones. Expanding the places where guns can be carried will only perpetuate people's fears at a time when we really need to turn the other way, to a more caring and understanding attitude.

Respectfully,
Brian Schandevel

Subject: My support for SB59

To all whom it may concern,

My name is Edward Anchak, and I strongly support the passage of SB59. This is a bill that fixes some grave errors in our gun laws.

Someone who has a Concealed Pistol License today can openly carry a firearm in a Pistol Free Zone, but they cannot use their Concealed Pistol License to Conceal their firearm.

This is corrected by SB59, to allow those with a CPL and advanced training to conceal firearms in a Pistol Free Zone, while banning the Open Carry of firearms in these zones.

This will increase safety and training where there are CPL holders, who carry firearms onto Pistol Free Zones. It will also help to reduce "Panic Situations" and wasted police effort when someone is spotted legally carrying a pistol in a Pistol Free Zone.

There are many other changes within this bill which I support.

I ask that this bill be considered, and passed to the full House without amendment, as quickly as possible.

Thank you,

Edward Anchak
